

Calendar Year 2005 Annual District Report

Prepared in accordance with OAC 3745-27-90 (F)

I. Reference Information

1. Name of Primary District Contact David Held	2. Name of Solid Waste Management District (SWMD) Stark-Tuscarawas-Wayne Joint Solid Waste Management District						
3. Address of SWMD 9918 Wilshire Blvd., N.E.	<table style="width: 100%; border: none;"> <tr> <td style="width: 35%;">City</td> <td style="width: 25%;">State</td> <td style="width: 40%;">Zip</td> </tr> <tr> <td>Bolivar</td> <td>OH</td> <td>44612 -</td> </tr> </table>	City	State	Zip	Bolivar	OH	44612 -
City	State	Zip					
Bolivar	OH	44612 -					
4. Telephone: (330) 874 - 2258 Ext.	6. Does SWMD have a Web site <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No If yes, list address below: www.timetorecycle.org						
5. E-mail Address david@timetorecycle.org							
7. Name of person responsible for filling out this report. James A. Skora, CHMM	8. Business relationship of # 7 (left) to SWMD Consultant						
9. Telephone of # 7 (above) (330) 899 - 1105 Ext.	(Date Stamp – Please Do not write in this section)						
10. Address of # 7 GT Environmental, Inc. 567 East Turkeyfoot Lake Road Suite B1-5 Akron, Ohio 44319							

II. Name and address of current Policy Committee Chair (District) -or- Board of Trustees Chair (Authority)

1. Name: William Franks	Phone: (330) 493 - 9904
2. Address 1: Stark County Department of Health	FAX: (330) 493 - 9920
3. Address 2: 3591 Convenience Circle NW	E-mail: FranksB@starkhealth.org
4. City: Canton	5. State: OH 6. Zip: 44718 -

Please do not write below this line

III. DISTRICT INFORMATION

1. Population of District (2005): 586,482	2. Source of Population Information: Solid Waste Plan Projections
-----------------------------------------------------	-----------------------------------------------------------------------------

3. Special Circumstances that affected District activities or waste generation in 2005:

Ohio EPA acknowledges that many events outside of a Solid Waste Management District's (SWMD) control can have an impact on its activities. In the space below, please describe any special circumstances that occurred in the SWMD during 2005 that impacted waste generation, reduction, recycling and/or disposal totals. Examples might include: a natural disaster, a major industry closing or opening, a labor dispute, a change in recycling infrastructure, a landfill closing, etc. The District may also use this space to provide any other comments they wish to share concerning the preparation of this report or Ohio EPA's review of this report. Additional spaces for comments have been provided in sections VII, X and XI of this report.

The Mount Eaton Landfill temporarily closed in 2005 due to regulatory issues. The closure has not affected the District with regards to landfill capacity.

The District realized a significant drop in disposal at District landfills from out-of-state generators and a small drop in disposal from out-of-district (in-state) generators. The District's solid waste generation has remained steady over the past five years. Although there is no direct or immediate impact to the District regarding the trends listed above, the District intends to monitor the in-flows of out-of-district solid waste disposal in the future.

IV. OUT-OF-STATE SOLID WASTE FACILITIES USED BY THE SOLID WASTE MANAGEMENT DISTRICT

Each year, Ohio EPA contacts the environmental agencies in neighboring states for data on waste exported to those states from Ohio. The Agency collects this information and presents it in the *Out-of-State Waste Report*. A copy of the out-of-state waste data that is relevant to your SWMD will be sent to you along with the review comments that Ohio EPA generates on this Annual District Report. If your SWMD has contracts or other agreements with haulers, transfer stations or out-of-state landfills and collects and maintains data on waste sent out of state, please complete Table IV.1.

Does the SWMD have any contracts or other special agreements with out-of-state waste facilities or haulers that provide data on waste taken out of state? (check one below)	
<input type="checkbox"/> Yes → Complete Table IV.1	
<input checked="" type="checkbox"/> No → Continue with section V	
Source(s) of the out-of-state waste data	

V. SOLID WASTE MANAGEMENT DISTRICT PAY-AS-YOU-THROW PROGRAMS

The purpose of this section is to provide a list of volume-based billing or “Pay-As-You-Throw” (PAYT) collection programs that were provided within the Solid Waste Management District during 2005. In Column 1 of Table V.1, please list each PAYT program by the name of the community served by the program and provide the requested information. This table may be copied / extended as necessary.

Table V.1 Pay-As-You-Throw Disposal Programs

Name of the community (city, village, or township) served by the PAYT program	# of Households Participating	Contact Information	What recycling services are available to residents in the community (check one)
None		Name: Telephone:	<input type="checkbox"/> Non-subscription curbside recycling <input type="checkbox"/> Subscription curbside recycling <input type="checkbox"/> Drop-off recycling <input type="checkbox"/> No recycling opportunity exists
		Name: Telephone:	<input type="checkbox"/> Non-subscription curbside recycling <input type="checkbox"/> Subscription curbside recycling <input type="checkbox"/> Drop-off recycling <input type="checkbox"/> No recycling opportunity exists
		Name: Telephone:	<input type="checkbox"/> Non-subscription curbside recycling <input type="checkbox"/> Subscription curbside recycling <input type="checkbox"/> Drop-off recycling <input type="checkbox"/> No recycling opportunity exists
		Name: Telephone:	<input type="checkbox"/> Non-subscription curbside recycling <input type="checkbox"/> Subscription curbside recycling <input type="checkbox"/> Drop-off recycling <input type="checkbox"/> No recycling opportunity exists

VI. SOLID WASTE MANAGEMENT DISTRICT WASTE REDUCED AND RECYCLED [OAC 3745-27-90 (F)(3)]

A. Source(s) and Date(s) of Information for Table VI.1

Please indicate with an X all sources used to provide the waste recycling amounts included in this survey form. List all data years used to compile the information in **Table VI.1**.

Source(s) check all that apply	Calendar Year(s)
<input checked="" type="checkbox"/> survey of recycling collection programs or activities	2005
<input checked="" type="checkbox"/> survey of recycled material brokers, processors, or scrap dealers	2004, 2005
<input checked="" type="checkbox"/> survey of industries	2003, 2004, 2005
<input checked="" type="checkbox"/> Other(s) (specify):	2005 - Compost Facilities, Solid Waste Haulers, Commercial Businesses, Municipalities and Local Institutions
_____	_____

B. Solid Waste Management District Waste Recycled

B.1. Conversion factors and calculations used to convert number of scrap tires to tons of scrap tires (please see the instructions for recommended calculations)

20 lbs = 1 passenger Tire Equivalent (PTE)

B.2. Conversion factors and calculations used to convert cubic yards of yard waste to tons of yard waste (please see the instructions for recommended calculations)

3 Cubic Yards = 1 Ton of Yard Waste

B.3. Narrative description or explanation of unusual or atypical recycling figures. Please contact Ohio EPA with any questions on what constitutes atypical figures (Districts are encouraged to attach supporting documentation if available):

The District is in the third year of comprehensive surveying of all sectors in the Tri-County area. This effort has produced a significant increase in recycling data. The District surveyed 1,585 industrial businesses, 4,930 commercial businesses, 64 compost facilities, all three county recycling offices, 31 recycling brokers and facilities and 51 solid waste haulers. The District did not count broker or hauler data in order to eliminate double counting issues. The District used the surveys and OEPA compst facility data to calculate yard waste data. All yard waste data was cross referenced to ensure no double counting was encountered.

B.4. Explanation for significant changes in numbers reported (Districts are encouraged to attach supporting documentation if available):

See attached report on the explanation of survey data.

Table VI.1 Solid Waste Management District Waste Recycled (all units should be in tons unless otherwise specified; all double-counting should be eliminated from the values in this table)

Categories	Residential/Commercial Tons Recycled	Industrial Tons Recycled	Total Tons Recycled
Appliances	237.00	0.00	237.00
Lead-Acid Batteries	15.61	3.70	19.31
Dry Cell Batteries	0.00	0.00	0.00
Food ¹	4,054.04	9,076.50	13,130.54
Glass	518.33	40.49	558.82
Household Hazardous Waste ²	597.77		597.77
Ferrous Metals	2,669.06	519,572.35	522,241.41
Non-Ferrous Metals	8,738.21	9,228.60	17,966.81
Non-Exempt Foundry Sand ³		22,319.50	23,319.50
Corrugated Cardboard	8,050.42	105,202.74	113,253.15
All other paper	5,221.36	13,339.27	18,560.63
Plastics	256.21	928.45	1,184.66
Rubber (not including tires)	0.00	999.84	999.84
Scrap Tires (please check one)			
<input checked="" type="checkbox"/> Tons			
<input type="checkbox"/> Number / PTE's ⁶	1,002.54	1.86	1,004.40
Textiles	420.83	5.00	425.83
Used Oil ⁴	34.13		34.13
Wood	316.40	60,891.00	61,207.40
Yard Waste	43,072.27	0.00	43,072.27
Commingled Recyclables ⁵	7,729.59		7,729.59
Electronics (all residential)	192.50		192.50
Other(s) (specify) ⁷	0.00	0.00	0.00
Stone/Clay/Sand/Composites/Ceramic	2.10	4,671.52	4,673.62
Printer Cartridges	0.50	0.00	0.50
Scrap Tile, Carpet Pad	1.50	4,320.00	4,320.00
Bulbs, Wire, Insulation	0.00	25.90	25.90
Swarf Dust	0.00	13,531.00	13,531.00
Grand Totals	83,130.34	764,157.72	847,288.06

1. Used cooking fat should not be included in this row.
2. Only household hazardous wastes which are recycled should be included in this row. If this does not match the amounts in table XI.1, please note the reason for the difference in Section XI.
3. Foundry sand that meets the definition of a solid waste in accordance with Ohio EPA Policy DSW 0400.007.
4. Only used oil from household hazardous waste collections, oil change service stations serving residents, and those changing oil in their own vehicles should be included in this row. No industrial used oil should be listed here.
5. **Only use this row if data on individual materials are not available.** Only single stream recyclables collected from curbside and drop-off programs should be included in this row. Do not include material listed elsewhere in table in this total.
6. Assume 20 lbs. per Passenger Tire Equivalent (PTE).
7. All materials listed as "other" MUST be specified so the SWMD may receive proper credit for these materials.

NOTE: When reviewing data submitted with the ADR, Ohio EPA evaluates the data for consistency with data from previous years and for quantities that seem particularly unusual for a given material. Ohio EPA strongly encourages SWMDs to do the same prior to submitting the ADR. This is particularly important if this will be the data used for the reference year for a solid waste management plan update. The data reported in this section may be subject to increased scrutiny when used as reference year data in a plan update. Districts are encouraged to provide supporting data and documentation whenever possible for the recycling numbers reported in this section, and are encouraged to contact Ohio EPA with any questions.

VII. ANNUAL WASTE REDUCTION/RECYCLING

This section should include the recycled material reported in Table VI.1, and source reduction and incineration data. Please see the instructions for more information.

Table VII.1 ANNUAL WASTE REDUCTION/RECYCLING

Please provide the following information for 2005:		
<u>Res/Com</u>		
<input type="text" value="83,130.34"/>	Residential/commercial waste recycled in tons (figure from the "Grand Total" of residential/commercial tons recycled column reported at the bottom of Table VI.1)	
<input type="text" value="0"/>	Tons of waste reduced through residential/commercial source reduction or other source reduction activities (provide documentation as required in Appendix LL of the <i>Format</i>)	
<u>Industrial</u>		
<input type="text" value="764,157.72"/>	Industrial waste recycled in tons (figure from the "Grand Total" of industrial tons recycled column reported at the bottom of the second page of Table VI.1)	
<input type="text" value="0"/>	Tons of waste reduced through industrial source reduction or other source reduction activities (provide documentation as required in Appendix LL of the <i>Format</i>)	
<u>Res/Com</u>	<u>Industrial</u>	<u>Incineration</u>
<input type="text" value="0"/>	<input type="text" value="0"/>	Tons incinerated
<input type="text" value="0"/>	<input type="text" value="0"/>	Tons of incinerator ash produced
<input type="text" value="0"/>	<input type="text" value="0"/>	Tons of incinerator ash recycled
<p>Ohio EPA is aware that gathering accurate recycling data is sometimes a difficult process due to the voluntary nature of recycling surveys. Please use the space below to provide supporting information or comments on the District's waste reduction and recycling numbers. You may also attach and submit additional supporting data when you submit your report.</p>		
<div style="border: 1px solid black; padding: 5px;"> <p>The District is in the third year of comprehensive surveying of all sectors in the Tri-County area. This effort has produced a significant increase in recycling data. The District surveyed 1,585 industrial businesses, 4,930 commercial businesses, 64 compost facilities, all three county recycling offices, 31 recycling brokers and facilities and 51 solid waste haulers. The District did not count broker or hauler data in order to eliminate double counting issues. The District used the surveys and OEPA compst facility data to calculate yard waste data. All yard waste data was cross referenced to ensure no double counting was encountered. See the attached report for a detailed explanation of all survey data.</p> </div>		

VIII. OTHER WASTE REDUCTION / RECYCLING ACTIVITIES

Some materials are “non-creditable” towards SWMDs’ waste generation and recycling rates. There may also be cases where the District has identified materials but is unable to confirm the source of some materials as being a creditable source. Ohio EPA recognizes that recycling of these materials still constitutes beneficial activities worth reporting. Districts that collect information on the amount of “non-creditable” material reduced/recycled are encouraged to report those quantities in Table VIII.1 below.

“Non-creditable” materials are those that have traditionally never been disposed of in landfills in significant quantities [see page 18 of the State Solid Waste Management Plan 2001 and page 21 of the District Solid Waste Management Plan Format (version 3.0)]. Some examples of such materials are: *auto bodies; C&DD metals; train boxcars; sewage sludge; used cooking fat; other Cⅅ and animal manure*. Recycling data on these materials may be reported here. Please contact Ohio EPA with any questions on this section.

Note: This section should also be used to report recycled metals that could not be confirmed as coming from a creditable source (e.g. non-C&DD metals, metals from salvage yards with no identifiable source)

Table VIII. 1 “Non-creditable” Waste Recycled (this table should not include material reported in Table VI.1 or Section VII)

Material Type	Residential/Commercial Tons Recycled (2005)	Industrial Tons Recycled (2005)	Total Tons Recycled (2005)
Asphalt	0.00	98,750.00	98,750.00
Concrete	4.00	0.00	4.00
Shortening, Fryer Oil/Grease	5.55	0.00	5.55

IX. REVISIONS AND ADDITIONS IN SOLID WASTE MANAGEMENT DISTRICT RULES

Under Section 343.01(G) of the Ohio Revised Code, SWMDs have the authority to adopt rules after final plan approval, provided the approved plan authorizes the solid waste management district to do so. Please attach one copy of all final rules adopted and/or modified by the solid waste management district during 2005 [OAC 3745-27-90 (F)(5)].

Please check here if information pertaining to section IX is attached.

X. FEES AND FUNDING

A. Host Community Fees: Please list all municipalities and townships that have enacted a host community fee in accordance with Section 3734.57(C) of the Ohio Revised Code as required under [OAC 3745-27-90 (F)(6)].

Sandy and Pike Township – Stark County
Dover Township – Tuscarawas County
Paint Township – Wayne County

B. Contract Fees: Please list any contract fees that the District has negotiated with solid waste facilities, haulers, etc., for the purpose of generating revenues for the implementation of its plan.

None

C. Changes in Fees: Please list changes in *any* of the Solid Waste Management District fees (e.g. disposal fees, generation fees, contract fees, property assessment tax, etc.) that occurred during 2005 including the date that the changes went into effect.

None

D. Other Funding Issues: Please use this space to explain any other funding issue(s) that the SWMD believes are relevant to its annual report.

None

XI. HOUSEHOLD HAZARDOUS WASTE MANAGEMENT (HHW) PROGRAMS IN 2005

A. This section of the ADR requires the submittal of information on HHW management programs [OAC 3745-27-90 (F)(7)]. Districts that held multiple temporary collection events may prepare a separate table for each event (i.e. multi-county districts that held events in different counties) or indicate the total number of events held in the calendar year of the report.

Table XI.1 – HHW Management

A. Permanent General Collection events	
Check here if offered in 2005: <input type="checkbox"/> Do you intend to offer a collection event in 2006? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	
Number of events held in 2005 <input type="text" value="0"/>	Total cost of collection/drop-off program(s) <input type="text" value="\$ 0"/>
Number of cars participating? <input type="text" value="0"/>	Name of hazardous waste contractor, if used: n/a
lbs. recycled/reused <input type="text" value="0"/> lbs.	
lbs. disposed <input type="text" value="0"/> lbs.	
Total lbs. collected <input type="text" value="0"/> lbs.	
Note: In this section, record data only for events that collected multiple materials in this section. For electronics-only collections, use section C. For other single material collections, use section D.	
B. Temporary General Collection events	
Check here if offered in 2005: <input checked="" type="checkbox"/> Do you intend to offer a collection event in 2006? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	
Number of events held in 2005 <input type="text" value="4"/>	Total cost of collection/drop-off program(s) <input type="text" value="\$ 810,267.00"/>
Number of cars participating? <input type="text" value="11,002"/>	Name of hazardous waste contractor, if used: Clean Harbors Environmental Services, Inc.
lbs. recycled/reused <input type="text" value="1,223,330"/> lbs.	
lbs. disposed <input type="text" value="155,752"/> lbs.	
Total lbs. collected <input type="text" value="1,378,982"/> lbs.	
Note: In this section, record data only for events that collected multiple materials in this section. For electronics-only collections, use section C. For other single material collections, use section D.	
C. Electronics-Only Collection Events	
Check here if offered in 2005: <input checked="" type="checkbox"/> Do you intend to offer a collection event in 2006? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	
Number of events held in 2005 <input type="text" value="4"/>	Total cost of collection/drop-off program(s) <input type="text" value="\$ 40,279.90"/>
Number of cars participating? <input type="text" value="11,002"/>	Name of hazardous waste contractor, if used: Elkton Prison of Lebanon
lbs. recycled/reused <input type="text" value="386,000"/> lbs.	
lbs. disposed <input type="text" value="0"/> lbs.	
Total lbs. collected <input type="text" value="386,000"/> lbs.	
Note: Record data for events that only collected electronics in this section. Do not include tonnage(s) reported in A or B above.	

Table XI.1 (Cont.) – HHW Management

D1. Drop-off programs or special collections for specified materials (e.g. household batteries, mercury, paint, used oil, etc.)					
Number of events held in 2005		4		(Do not include electronics in this section)	
Materials(s) collected? Scrap Tires				Note: Do not include electronics in this section. Do not include tonnage reported in sections A,B or C.	
Number participating?		11,002		lbs. disposed	
				0 lbs.	
Cost of collection / drop-off		\$ Included in HHW		lbs. recycled/reused	
				140,100 lbs.	
				Total lbs. collected	
				140,100 lbs.	
D2. Drop-off programs or special collections for specified materials (e.g. household batteries, mercury, paint, used oil, etc.)					
Number of events held in 2005		0		(Do not include electronics in this section)	
Materials(s) collected? n/a				Note: Do not include electronics in this section. Do not include tonnage reported in sections A,B or C.	
Number participating?		0		lbs. disposed	
				0 lbs.	
Cost of collection / drop-off		\$ 0		lbs. recycled/reused	
				0 lbs.	
				Total lbs. collected	
				0 lbs.	
D3. Drop-off programs or special collections for specified materials (e.g. household batteries, mercury, paint, used oil, etc.)					
Number of events held in 2005		0		(Do not include electronics in this section)	
Materials(s) collected? n/a				Note: Do not include electronics in this section. Do not include tonnage reported in sections A,B or C.	
Number participating?		0		lbs. disposed	
				0 lbs.	
Cost of collection / drop-off		\$ 0		lbs. recycled/reused	
				0 lbs.	
				Total lbs. collected	
				0 lbs.	
E. Totals for all Programs Please indicate units : <input checked="" type="checkbox"/> pounds <input type="checkbox"/> tons					
Total Disposed	155,782	* Total Recycled/ Reused	1,749,330	Total collected	1,904,982
F. *Recycling totals from section XI sometimes differ from those reported in section VI. If this is the case, please explain the discrepancies here. This space may also be used to report any other issues pertaining to the SWMD's HHW program(s) during 2005.					
<p>The HHW collections included normal HHW materials as well as electronics and tires. The table in Section VI only shows the HHW materials, electronics and tire data that was recycled in 2005. These totals may be different that those depicted in Section XI of this report.</p>					

XII. Other/ Miscellaneous Information

- A. Feasibility Studies and Subcommittees:** If your current solid waste management plan includes any feasibility studies or subcommittees please complete this section as follows:
- If a study is completed, list the outcome. If a final report was prepared, indicate how a copy of the report can be obtained.
 - If a study is in progress, indicate the state of progress and whether the study is on schedule. Describe any milestones achieved to date.
 - If a study was delayed or discontinued, enter a brief explanation of the situation.

The District did not conduct any specific feasibility studies in 2005. The District relies on several committees and sub-committees of the Board of Trustees and the Policy Committee for guidance on recycling, education/awareness and other solid waste issues. Some of the solid waste issues that were evaluated in 2005 by the committees included the possibility of conducting a comprehensive recycling program study for the entire District, opposition to proposed landfill expansions and proposed constructions, curbside recycling, drop-off recycling and other miscellaneous issues.

XIII. Status of Plan Implementation Table – SWMD’s shall complete the *Status of Plan Implementation Table*, in accordance with OAC §3745-27-90 (F). The intent of the *Status of Plan Implementation Table*, beginning on the next page, is to help Ohio EPA obtain information regarding the activities of your SWMD in the past year. This information will be used by Ohio EPA to help us monitor your SWMD’s compliance with the implementation schedule and the strategies, programs, and activities described in your approved plan. Please refer to the attached instructions for information concerning how to complete this section of the ADR. Please contact the planner in DSIWM at Ohio EPA’s central office assigned to your SWMD for a copy of the Status of Plan Implementation portion of the ADR form for your SWMD. The table below lists the planner and contact information for each.

SWMD Name	Planner	Phone Number	E-mail address
Adams/Clermont	Matthew Hittle	(614) 728-5369	matthew.hittle@eps.state.oh.us

<i>Buybacks</i>					
	2867	A-1 PLASTIC LUMBER CO. (from 2001 ADR)	1998, ongoing	Goal # 1	No information provided to the District.
	2866	RITTMAN PAPERBOARD (from Implementation Table of the 2000 ADR)	2001, ongoing	Goal # 1	No information provided to the District.
	2864	SIC 3300 PRIVATE BUY-BACKS (from Table V.1 of the 1999 ADR)	Ongoing	Goal # 1	No information provided to the District.
	2865	SLESNICK INC. PAPER RECYCLING (from Implementation Table of the 2000 ADR)	1999, ongoing	Goal # 1	No information provided to the District.
	2861	Stark County, Alliance Recycling Center (II-290, VI-2)	1992-2010	Goal # 1	All three of the District's County recycling programs deliver collected recyclables from drop-off centers to this facility. Tonnage from this facility is not reported in order to eliminate double counting of recyclable data. This facility is privately operated and is open M-F 7:30 am - 4:30 pm and Sat 7:30 am - noon.
	2862	Stark County, Jackson Township Recycling Station. (II-74, II-205, II-292, VI-4)	1993, ongoing	Goal # 1	This drop-off program yielded 1,923.73 tons of ferrous and non-ferrous metals, plastic, glass, paper, cardboard, yard waste and textiles in 2005. Hours of operation are M-S, 9a - 5 pm. Also accepts brass, copper, stainless steel and Goodwill donations.
<i>Commercial/Industrial Sector Technical Assistance and Education Programs</i>					
	2916	[Annually compile, publish and distribute a directory of products made with recycled content. (ES-5, ES-6, III-17)] DISTRIBUTE ODNR DIRECTORY OF PRODUCTS MADE WITH RECYCLED CONTENT (from 1999 ADR)	1994, ongoing	Goal # 3 and Goal # 4	Sufficient resources are currently unavailable, however, the District plans to implement this program in the future.
	2914	[Establish a waste exchange for District manufacturing industries. (ES-5, II-199, II-252, III-17)] MAIL OMEX EXCHANGE INFO TO ALL MANUFACTURING INDUSTRIES (from 1999 ADR)	1998, ongoing	Goal # 3 and Goal # 4	This program has been established and is operated through the Association of Ohio recyclers. In 2005, program details were available online and can be assessed by industries at all times.
	2917	Annual recycling survey to include waste generation, disposal quantities, as well as the composition of the waste stream. (reporting requirement). (ES-7, II-197, II-202, II-252, III-17)	1995, ongoing	Goal # 3 and Goal # 4	The District contracted with GT Environmental to conduct a comprehensive recycling survey for 2005 data. Surveys were sent to 1,585 industrial businesses, 4,930 commercial businesses, 64 compost facilities, all three county recycling offices, 31 recycling brokers and facilities and 51 solid waste haulers.
	2922	Annually, compile, publish and distribute a marketing and specification directory. (II-197, II-198, III-17)	1994, ongoing	Goal # 3 and Goal # 4	Sufficient resources are currently unavailable, however, the District plans to implement this program in the future.
	2924	Compile, publish and distribute a newsletter, on a quarterly or semi-annual basis, to highlight companies in the District which have significantly contributed to reduction and recycling. (II-20, III-17)	1994, ongoing	Goal # 3 and Goal # 4	The 2005 newsletter, Recycling News, was distributed throughout the District on a semi-annual basis in 2005. A total of 520,238 newsletters were distributed in 2005. The following companies were recognized for their contribution to special collection events: Stark State College, Buckeye Career Center and Wayne College.
	2915	Marketing and technical assistance to industries and commercial establishments. (ES-5, ES-6, II-199)	1993, ongoing	Goal # 3 and Goal # 4	This program was offered in 2005. The District did not receive any requests for this service. The program remains available to District businesses.
	2925	Provide increased district assistance to any recycling program that is experiencing difficulties as determined by the annual recycling surveys. (II-203)	1995, ongoing	Goal # 3 and Goal # 4	This program was offered in 2005. The District did not receive any requests for this service.
	2923	Provide waste audits upon written request. (II-200, II-252, III-17)	1994, ongoing	Goal # 3 and Goal # 4	This program was offered in 2005. The District did not receive any requests for this service.
	2926	The City of Alliance litter department will conduct annual recycling workshops for business leaders. (II-211)	1994, ongoing	Goal # 3 and Goal # 4	The education, awareness, promotion and outreach for this program is included under item # 2875.
	2920	The District will annually sponsor up to five recycling and reduction seminars. The seminars will focus on reduction and recycling of metals, sludge, paper, cardboard, wood, food, fabric, chemicals, and plastics. (II-179, II-200, III-16)	1996, ongoing	Goal # 3 and Goal # 4	The District conducted a seminar/conference called Envirofest which was held at the Stark State College campus. Other recycling and or waste reduction seminars and or presentations are cover under item # 2875.
	2918	The District will assist wood generators in accessing recycling markets. (II-179)	1996, ongoing	Goal # 3 and Goal # 4	This program was offered in 2005. The District did not receive any requests for this service.
	2921	The District will provide technical assistance to industries in identifying potential recyclables and separation of these recyclables from the rest of the waste stream. (II-179)	2000, ongoing	Goal # 3 and Goal # 4	This program was offered in 2005. The District did not receive any requests for this service. The County Recycling Offices provide technical assistance to schools, other institutions and governments and local businesses.
<i>Curbside Recycling, Non-subscription</i>					
	2792	Stark County, Alliance City (II-208, II-290)	1994, ongoing	Goal # 1	This non-sub curbside recycling program yielded 646.44 tons of commingled recyclables in 2005. There has been no change in this program.
	2791	STARK COUNTY, NORTH CANTON CITY BLUE BAG PROGRAM (from 2001 ADR)	2001, ongoing	Goal # 1	This non-sub curbside recycling program yielded 611.13 tons of commingled recyclables in 2005. There has been no change in this program.
	2783	Tuscarawas County, Baltic Village (II-81, II-211)	1993, ongoing	Goal # 1	This non-sub curbside recycling program yielded 19.62 tons of commingled recyclables in 2005. There has been no change in this program. Collection occurs on the second Friday of each month.

	2896	The Tuscarawas County Litter Prevention and Recycling Dept. (LPRD) will conduct newspaper and radio campaigns to promote recycling. (II-212)	1994, ongoing	Goal # 3 and Goal # 4	The education, awareness, promotion and outreach for this program is included under item # 2875. The County also uses TV and its web site in addition to newspaper and radio campaigns.
	2897	The Tuscarawas County LPRD will bi-annually publish and distribute curbside recycling information sheets to residents who are participating in community recycling programs. (II-213)	1994, ongoing	Goal # 3 and Goal # 4	The District distributes semi-annual newsletters throughout the tri-county area that summarizes local recycling options for residents and businesses in the District. The County also produces a recycling program flier that is distributed to new residents to the County and at all public events that the County participates in.
	2903	The Tuscarawas County LPRD will make classroom presentations four times each month during the school year to students in grades K through 6. (II-214)	1994, ongoing	Goal # 3 and Goal # 4	The education, awareness, promotion and outreach for this program is included under item # 2875.
	2904	The Tuscarawas County LPRD will offer several contests, promoting recycling, throughout the school year for different age levels. (II-214)	1994, ongoing	Goal # 3 and Goal # 4	The education, awareness, promotion and outreach for this program is included under item # 2875.
	2902	The Tuscarawas County LPRD will participate in special events (fairs, parades, etc.) to promote recycling. (II-214)	1994, ongoing	Goal # 3 and Goal # 4	The education, awareness, promotion and outreach for this program is included under item # 2875.
	2901	The Tuscarawas County LPRD will promote office paper recycling programs to public service and government and business offices through distribution of how to booklets and on-site consultations. (II-214)	1994, ongoing	Goal # 3 and Goal # 4	The education, awareness, promotion and outreach for this program is included under item # 2875.
	2900	The Tuscarawas County LPRD will provide presentations to civic groups and to youth groups to promote recycling. Civic presentations will be conducted bi-monthly. Youth group presentations will occur throughout the year. (II-213)	1994, ongoing	Goal # 3 and Goal # 4	The education, awareness, promotion and outreach for this program is included under item # 2875. The County also presents to scout groups, day care centers, senior citizen groups, AARP, Lions Club and other non-profit organizations.
	2898	The Tuscarawas County LPRD will publish and distribute a recycling newsletter three times a year to residents who are participating in community recycling programs, media personnel, and municipal officials. (II-213)	1994, ongoing	Goal # 3 and Goal # 4	The District distributes semi-annual newsletters throughout the tri-county area that summarizes local recycling options for residents and businesses in the District.
	2899	The Tuscarawas County LPRD will publish and distribute, to all county households, a brochure listing county facilities that accept recyclable materials. (II-213)	1994, ongoing	Goal # 3 and Goal # 4	The District distributes semi-annual newsletters throughout the tri-county area that summarizes local recycling options for residents and businesses in the District. The County also produces a recycling program flier that is distributed to new residents to the County and at all public events that the County participates in.
	New	Tuscarawas County, Recycling Jeopardy Program	2004, Ongoing	Goal # 3 and Goal # 5	The County developed this program in 2004. All three counties conduct a local Recycling Jeopardy program with three students and three alternates. The winner from each county participates in a District event. The winner of each county event wins \$500 toward a scholarship. The winner of the District event wins \$3,000 toward a scholarship. Schools that have students that win at either the county event or the district event also gains recognition. The Recycling Jeopardy game is also used by the County during school presentations.
	2906	The Wayne County Department of Solid Waste and Recycling (DSWR) will promote sixteen drop-off centers through local newspaper advertisements, a quarterly newsletter, local radio stations, general mailings, and through a slide presentation. (II-216)	1994, ongoing	Goal # 3 and Goal # 4	The education, awareness, promotion and outreach for this program is included under item # 2875. The County has 19 drop-off centers in 2005.
	2909	The Wayne County DSWR will present annual display booths at Earth Day and at County fair celebrations promoting the drop-off facilities. (II-217)	1994, ongoing	Goal # 3 and Goal # 4	The education, awareness, promotion and outreach for this program is included under item # 2875.
<i>Scrap Tire Programs</i>					
	2927	District may provide funding to contract with a private company for remediation of stockpiled tire sites. (ES-12, III-19, VI-34)	1996, ongoing	Goal # 5	This program continues without changes. No activity was reported in 2005.
	2934	The District, as a contingency plan, would contract with a private company to manage waste tires for the district. (VI-34) [8-12] 4 PERMANENT DROP-OFF SITES (from 1999 ADR)	1996, ongoing	Goal # 5	This program continues without changes. No activity was reported in 2005.

Type	ID	Program Name	Status	Goal	Activity
	5626	TIRE DROP-OFF CENTERS: WAYNE COUNTY-GOODWILL AT WOOSTER, TUSCARAWAS COUNTY-NEW PHILADELPHIA CITY GARAGE, STARK COUNTY-PERRY TOWNSHIP RECYCLING CENTER (FROM CALENDAR YEAR 2004 ADR)	2004, ongoing	Goal # 5	The District established a scrap tire drop-off center in all three counties including: Wayne County which is located at the Goodwill store in Wooster, Tuscarawas County at the New Philadelphia City Garage, Stark County at the Perry Township Rec Center and the Canton Rec Center. In addition, many recycling drop-off centers also accept tires. The Districts total tire recycling program yielded 302.84 tons of scrap tires in 2005. There has been no change in this program.
<i>Yard Waste Programs</i>					
	2974	Alliance City composting facility (II-263, II-307)	Ongoing	Goal # 2	There has been no change in this program. Do data was reported in 2005.
	2950	Annual distribution of information to identify yard waste management facilities to households in the District. (III-18)	Ongoing	Goal # 2	The District distributes semi-annual newsletters throughout the tri-county area that summarizes local recycling options for residents and businesses in the District.
	2959	Baltic Village-leaf collection and wood chipping (II-96, II-267)	Ongoing	Goal # 2	This program continues. No data has been submitted for 2005.
	2954	Brewster City-leaf drop-off. (II-93, II-263)	Ongoing	Goal # 2	This operation is now located at the Stark County Recycling Center. This yard waste recycling program yielded 400.24 tons of compostable yard waste in 2005.
	2975	Canal Fulton Village composting facility (II-264, II-307)	Ongoing	Goal # 2	This operation is included in the Lawrence Township totals for 2005.
	2949	Compile, publish, and distribute a list of consultants and testing laboratories who work with composting facilities and processes. (ES-8, II-225, III-18)	1995, ongoing	Goal # 3 and Goal # 4	This program continues without changes. No activity was reported in 2005.
	2960	Dennison Village-leaf collection program (II-97, II-267)	Ongoing	Goal # 2	This yard waste recycling program yielded 109.95 tons of compostable yard waste in 2005. There has been no change in this program. The program was discontinued at the end of 2005.
	2961	Dover City-leaf and grass collection program (II-97, II-268)	2004, Ongoing	Goal # 2	This yard waste recycling program yielded 122.53 tons of compostable yard waste in 2005. There has been no change in this program.
	2947	Establishment of a Don't-Bag-It program. (ES-8, II-222, II-223)	Ongoing	Goal # 2	Sufficient resources are currently unavailable, however, the District plans to implement this program in the future.
	2962	Gnadenhutten-Village-leaf and branch collection program (II-98, II-268)	Ongoing	Goal # 2	This yard waste recycling program yielded 117.19 tons of compostable yard waste in 2005. There has been no change in this program.
	2955	Jackson Township-leaf collection program (II-94)	Ongoing	Goal # 2	This program continues. No data has been submitted for 2005.
	2963	Midvale Village-leaf and branch collection program (II-98, II-269)	Ongoing	Goal # 2	This program continues. The village offers free leaf and Christmas Tree collection. No data has been submitted for 2005.
	2964	Mineral City Village-leaf drop off. (II-99, II-269)	Ongoing	Goal # 2	This program continues. No data has been submitted for 2005.
	2977	Navarre Village composting facility (II-308)	Ongoing	Goal # 2	This yard waste recycling program yielded 44.64 tons of compostable yard waste in 2005. There has been no change in this program. This operation has moved to the WWTP.
	2966	New Philadelphia City-leaf and Christmas tree collection program. (II-100, II-270)	Ongoing	Goal # 2	This yard waste recycling program yielded 1,032.57 tons of compostable yard waste in 2005. There has been no change in this program.
	2965	Newcomerstown Village-leaf collection program. (II-99, II-270)	Ongoing	Goal # 2	This yard waste recycling program yielded 94.74 tons of compostable yard waste in 2005. There has been no change in this program.
	2976	Nimishillen Township composting facility (II-265, II-308)	Ongoing	Goal # 2	This yard waste recycling program yielded 1,403.51 tons of compostable yard waste in 2005. There has been no change in this program.
	2956	North Canton Township-leaf collection program (II-94)	Ongoing	Goal # 2	This program continues. No data has been submitted for 2005.
	2970	Orrville City-leaf collection and composting facility. (II-102, II-273)	Ongoing	Goal # 2	This yard waste recycling program yielded 175.98 tons of compostable yard waste in 2005. There has been no change in this program.
	2957	Perry Township-leaf drop off. (II-95)	Ongoing	Goal # 2	This yard waste recycling program yielded 689.49 tons of compostable yard waste in 2005. There has been no change in this program.
	2958	Plain Township-grass drop off (II-95)	Ongoing	Goal # 2	This yard waste recycling program yielded 3,430.87 tons of compostable yard waste in 2005. There has been no change in this program.
	2971	Rittman City-leaf collection and composting facility. (II-103, II-273)	Ongoing	Goal # 2	This yard waste recycling program yielded 402 tons of compostable yard waste in 2005. There has been no change in this program.
	5627	STARK COUNTY, YARD WASTE DROP-OFF, NAVARRE WWTP ON HUDSON DRIVE (FROM CALENDAR YEAR 2004 ADR)	2004, ongoing	Goal # 2	This yard waste recycling program yielded 44.64 tons of compostable yard waste in 2005. There has been no change in this program.
	2967	Strasburg Village-leaf collection program. (II-100, II-270)	2003	Goal # 2	This operation is no longer in operation. Residents utilize the new drop-off center for yard waste listed below.
	2968	Sugarcreek Village-leaf collection program. (II-101, II-270)	Ongoing	Goal # 2	This program continues. No data has been submitted for 2005.
	2948	The District may establish a drop-off program. (II-222, II-252) PLEASE LIST ALL AVAILABLE SITES	Ongoing	Goal # 2	Wayne County set-up a drop-off site in Dalton in 2005. No data was submitted for this site. In 2004, there were five sites set-up in Tuscarawas County.
	2951	Through on-going visits, District staff will assist composting facility managers in acquiring technical assistance needed to properly monitor all stages of the composting process. (ES-9, II-225, II-253, III-18)	2003, ongoing	Goal # 2	This program continues without changes. No activity was reported in 2005.
	2952	To promote recycling of Christmas trees, the District will work with retail establishments and tree vendors. (II-223)	Ongoing, 2004	Goal # 2	The District now has yard waste drop-off centers in all three counties which eliminates the need for this program.
	5628	TUSCARAWAS COUNTY, YARD WASTE DROP-OFF, DENNISON CITY GARAGE (FROM CALENDAR YEAR 2004 ADR)	Ongoing	Goal # 2	This yard waste recycling program yielded 109.95 tons of compostable yard waste in 2005. There has been no change in this program.

Type	ID	Program Name	Status	Goal	Activity
	5629	TUSCARAWAS COUNTY, YARD WASTE DROP-OFF, DOVER CITY (FROM CALENDAR YEAR 2004 ADR)	2004, ongoing	Goal # 2	This yard waste recycling program yielded 122.53 tons of compostable yard waste in 2005. There has been no change in this program.
	5632	TUSCARAWAS COUNTY, YARD WASTE DROP-OFF, GNADENHUTTEN VILLAGE (FROM CALENDAR YEAR 2004 ADR)	2004, ongoing	Goal # 2	This yard waste recycling program yielded 117.19 tons of compostable yard waste in 2005. There has been no change in this program.
	5630	TUSCARAWAS COUNTY, YARD WASTE DROP-OFF, NEWCOMERSTOWN VILLAGE (FROM CALENDAR YEAR 2004 ADR)	2004, ongoing	Goal # 2	This yard waste recycling program yielded 94.74 tons of compostable yard waste in 2005. There has been no change in this program.
	5631	TUSCARAWAS COUNTY, YARD WASTE DROP-OFF, STRASBURG VILLAGE (FROM CALENDAR YEAR 2004 ADR)	2004, ongoing	Goal # 2	This yard waste recycling program yielded 208.85 tons of compostable yard waste in 2005. There has been no change in this program.
	2969	Uhrichsville City-grass and leaf collection program. (II-101, II-271)	Ongoing	Goal # 2	This program continues. No data has been submitted for 2005.
	NEW	Wayne County, Dalton Township	2005, Ongoing	Goal # 2	This program was set-up in 2005 and is located at the Twp Garage. No data has been submitted for 2005.
	5633	WAYNE COUNTY, PARADISE LAWN CARE COMPOSTING FACILITY (FROM CALENDAR YEAR 2004 ADR)	2003, ongoing	Goal # 2	This yard waste recycling program yielded 417.11 tons of compostable yard waste in 2005. There has been no change in this program.
	2972	Wooster City-leaf collection and composting facility. (II-104, II-273)	1999, ongoing	Goal # 2	This yard waste recycling program yielded 1,184.28 tons of compostable yard waste in 2005. There has been no change in this program.
	2973	Wooster City-wood chipping. (II-104)	Ongoing	Goal # 2	Tonnage for this program is included in ID # 2972.

Description	Residential/Commercial			Industrial			Comments
	2005 District	2004 District	2004 EPA	2005 District	2004 District	2004 EPA

Lead-Acid Batteries	16	1	1	4	0	0	None
Dry Cell Batteries	0	0	0	0	0	0	None
Food ¹	4,054	16	16	9,077	9,118	9,118	The increase in res/com data comes from J and K Subway, Inc. This company did not report data in 2004.
Glass	518	754	754	40	14	14	None
Household Hazardous Waste ²	598	570	570				None
Ferrous Metals	2,669	42,169	2,952	519,572	1,762,061	261,177	Res/com data is lower as Wooster Motor Ways data was not allowed by OEPA. Industrial data is higher based on data from Timken who confirmed that over 377,000 tons of ferrous metals were derived and recycled from within the District.
Non-Ferrous Metals	8,738	8,884	93	9,229	10,862	10,862	Res/com data is significantly higher based on survey data from Wooster Motor Ways who reported 8,600 tons of aluminum recycled. Wooster Motor Ways (WMW) is a freight company and not a scrap dealer or salvage yard. The District did not count WMW's ferrous data based on previous OEPA decisions.
Non-Exempt Foundry Sand ³				22,320	19,094	19,094	None
Corrugated Cardboard	8,050	94,853	10,911	105,203	168,189	2,684	Industrial data is much higher based on increased survey data collection and from one company, Grief Paper who reported over 164,000 tons. The President of Grief Paper was contacted who adjusted the amount to 98,417 based on the source of the cardboard recycled. This amount (98,417 tons) comes from within the District. The District ensured
All other paper	5,221	7,582	7,582	13,339	6,415	6,415	None

HDPE Plastic	34	60	60	163	10	10	None
Mixed/Other Plastic	59	308	308	756	2,170	2,170	None
Rubber (not including tires)	0	0	0	1,000	1,002	1,002	None
Passenger Tires	1,003	543	543	2	0	0	Res/com data is higher based on increased survey data collection.
Textiles	421	338	338	5	0	0	Res/com data is higher based on increased survey data collection.
Used Oil ⁴	34	32	32				None
Wood	316	31	31	60,891	20,957	20,957	Res/com data is higher based on increased survey data collection. Industrial data is significantly higher based on increased survey data collection and from one large pallet processor (Inca Pallets) who reported over 25,000 tons of wood recycled from within the District.
Yard Waste	43,072	23,060	23,060	0	0	0	Yard waste data is significantly higher based on increased survey data. The District also utilized OEPA facility data reports that yielded over 7,100 tons of materials that was not reported by other survey respondents. The District did not double count as all surveys were confirmed at to which compost facility was used. The District surveys yielded over 17,700 tons. The County Recycling offices reported over 16,000 tons. The County Recycling Offices also reported which compost facilities were utilized to ensure no double counting had occurred. The District recognizes that the yard waste totals are significantly higher but when compared to Summit County who has a similar population base (500,000 people) and reported over 60,000 tons of yard waste recycled, the District total of 43,000 tons appears to be realistic.
Commingled Recyclables ⁵	7,730	3,847	3,847				Res/com data is higher based on increased survey data collection.
