

## FOSSILS

### Required Materials

- ♻️ 1 cup of used coffee grounds

- ♻️ ½ cup of cold coffee

- ♻️ 1 cup of flour

- ♻️ ½ cup of salt

- ♻️ mixing bowl

- ♻️ butter knife (make sure younger kids have an adult to use the knife)

- ♻️ wax paper

- ♻️ objects to make impressions with in the fossil dough

### Optional Materials

- ♻️ string to hang the fossil

### Step-By-Step Procedures

1. Mix together the coffee grounds, cold coffee, flour and salt until completely mixed.
2. Knead the dough like you would bread.
3. Flatten on a piece of waxed paper.
4. Cut with butter knife to desired shape and size.
5. Press objects into the dough to make a nice impression.
6. Now you have your fossil.
7. Poke a hole in the top and put a piece of string though if you would like to hang it.
8. The fossils need to dry completely overnight.
